Earthwise Spirituality for Today

in this issue: Polytheism

- 23** Rooted in the Gods: A Brief Guide to Modern Polytheisms. **Niki Whiting** introduces us to many of the currents of thought, belief, and practice (and people) in modern polytheist communities.
- 28** The Living Heart of Polytheism. **Silence Maestas** offers a personal reflection on what makes polytheism a satisfying spiritual path.
- 37** Polycentric Polytheism. Wrestling with questions of “hard” vs. “soft” polytheism, philosopher **Edward Butler** turns to the ancient Greeks for answers.
- 41** Rethinking Individuality: Wicca, Polytheism, and the Biology of Emergence. Can Wiccans be polytheists? **Gus diZerega** argues that notions of absolute agency are inherited from monotheism.

people, place & practice

- 32** The Druids Return to Anglesey. **Gail Nyoka** interviews **Kristoffer Hughes**, head of the Anglesey Druid Order.
- 45** That Which is Remembered, Lives: Establishing a Cultus of Extinct Animals. After a traumatic brain injury, **Virginia Carper** was called to serve an unusual set of spirits: those of extinct animals.
- 50** Heathen English. Using foreign names creates a gulf between how our ancestors viewed their gods and how we see them, argues **Ash Grimsbury**, who proposes using everyday English in Heathen discussions.
